FULL ITINERARY

Day 1: Trosa

Today you have a chance to unwind in the delightful village of Trosa. Trosa is a charming 17th century town called 'the World's End' because of its location on the banks of the Baltic Sea with endless views of the ocean all around. The little square, surrounded by old wooden houses, marks the centre of town and the walkway along the canal as it winds its way to the ocean is not to be missed.

A whole range of interesting activities on your doorstep. Choose between a sea kayaking tour out amongst the neighbouring islands of Trosa archipelago. Alternatively try your luck at fishing in the rich Trosa water. If you are lucky you can catch sea bass, Baltic herring, pike, or perhaps salmon.

For those of you looking for a truly memorable experience, try your hand at sailing a classic yacht designed to be the fastest and most perfect sailing craft in the Baltic archipelagos. If you prefer to stick to dry land, then why not put on your hiking boots, head out to the countryside and tackle the Sörmlandsleden hiking route that stretches across the length and breadth of Sörmland passing through a shifting landscape and many historical sites.

For those of you looking to take a break during your trip, enjoy a free day in Trosa to visit the local shops, cosy cafès, busy harbour and interesting museums. You could also enjoy a relaxing Spa to rest the tired muscles!
